

Empowering Productivity

FOR REMOTE WORKERS

76%
OF WORKERS
WORK FROM HOME

1+
DAYS PER WEEK

3 RISKS OF REMOTE WORK

- Phishing Attacks – Think before you click
- Social Engineering – Login direct, don't reply to texts or emails
- Unsecured Networks – Only use VPN to login offsite

3 TIPS FOR REMOTE PRODUCTIVITY

- Empower your team with up-to-date equipment and software
- Utilize automations and AI in workflows to reduce errors and improve speed
- Implement best practices for remote security, such as multifactor authentication

ZAG Technical Services reimagines IT consulting and managed services, supporting businesses on their innovation journey. By integrating infrastructure, data and software services, and robust security solutions, we foster operational resilience while mitigating risk and providing a competitive edge in a digital-first world.
